April meeting 12 members present Notes by Karen G

Karen reminded the members that they should go ahead and file their application for JIAA. Why not? You might as well have the benefit of the full year. Also, bio's should be provided if they haven't been already.

She also reminded the members about the Beads of Courage boxes. Gerald contributed one at the meeting.

Our business cards were discussed. Craig and Karen chipped in to get 50 printed for each of us to have available when we meet someone interested in woodworking. Jerry Gafford made a motion that Craig and Karen should be reimbursed from the Treasury. The motion was passed with unanimous vote.

The subject of name tags was discussed. There were differing opinions on the size and content, as well as who wanted them and who would pay for them. Some individuals wanted to get their own tags. The subject was deferred until next month.

Leon Phelps won the Case Certificate for this month.

Jim Redden decided to donate the wood used for the table the club intends to sell and returned the uncashed check Karen had mailed to him.

The Raffle brought in \$50. There were a lot of pieces of nice wood available for the members.

Pete gave us a great demo on airbrushing. He has become quite an expert in the short amount of time he's been doing it

-----My
personal note: We missed a good opportunity to get a demo video. Pete was very detailed in his description of how to use the airbrush and the different templates and patterns available, sources, etc.

Another note: We paid \$364.75 to Slo Glo Guitars last June for a sound system that's never been used. Once NOT GOOD!!

After the meeting, Gerald found the leftover business cards I had ordered years ago in the big tub. We now have PLENTY!

He also found the thumb drive, but it did not have the pictures on it I thought it had.
