## Karen's Korner

### Greetings Woodworkers

A while back, I read an article in the AAW magazine about making a wood drying kiln from an old refrigerator. I talked to a couple of our members and got some ideas about what else I might be able to use. This kiln was made from a packing crate that was originally 42" x 42" x 42". It's now shallower, on casters, insulated, heated with light bulbs, and ventilated with a small desk fan. I have four holes in the top and nice new doors.

I have one Closet Maid shelf installed, but I need three more (42" wide). If anyone knows where I might find some, please let me know.

The temperature is maintaining around +/- 90 degrees and seems to be doing a good job of slowly drying the wood. According to the article I read, this should cut air drying time from a year to somewhere around two months.

*Karen Grogan, Secretary, GIWW*

## President's Message

Fellow Woodworkers and Woodturners,

This month, we will award the first Golden Isles Woodworkers Scholarship at our regular woodworker's meeting. I hope that the club will see fit to make this a regular scholarship that is awarded each year at this time. It is a way to promote the art of woodworking for our members.

Please bring your calendars so we can plan this year's picnic in July. I thoroughly enjoy this annual event. That is why Sandy and I will open our home to the club for this event.

Roy Yarger, President

## Woodturner's Meeting

**Monthly Meeting – Saturday, June 14, 2014 – 9 a.m.** - 22 Woodfall Court, Eagle Crest Subdivision, off Harry Driggers Blvd., Brunswick. Roy will be sharing what he saw and learned at the symposium he attended in Provo, UT

## Woodworker's Meeting

**Monthly Meeting – Tuesday, June 17, 2014 – 7:00 p.m.** - 22 Woodfall Court, Eagle Crest Subdivision, off Harry Driggers Blvd., Brunswick. Subject/Demo to be announced at a later date. You will receive an e-mail.
