GREETINGS WOODWORKERS

We definitely are experiencing the hot and humid weather this year. It's this time of the year I start dreaming about Fall and how nice it would be to have some cool refreshing air to breathe.

The Annual GIWW Picnic was voted a success by the members who attended. The facility was the right size, everyone brought great side dishes, the cooks (Paul Speich and Herb Miles) did a good job and the rain held off until most people had gone. Thank you Mother Nature!!

This a.m., Larry Sullivan called me from the hospital where he was admitted. Tomorrow, he is having a heart catheterization procedure to see if he needs to have stents put in. I'm afraid he will be unable to get prepared to do the demo we had intended to do on Saturday. I had thought we would just postpone the demo until the following Saturday, but that is when Paul has us scheduled for our field trip to Kingsland.

We are really light on member's work pictures this month. I hope that means everyone is working hard on their entries for the October Jekyll show. Dates to remember:

Woodworkers exhibit at Goodyear Cottage from **Oct 1 to Oct 31**.

Price list due **September 1**. Submit them all to Roy. Copies of Inventory Sheets will be e-mailed to those who have committed to this event.

Artwork to be delivered on **October 1 at 9:00 AM**.

Reception on **October 4 from 1:00 PM to 3:00 PM**

Pickup artwork on **October 31 from 3:00 PM to 4:00 PM**

The **commission is 25%**. *Karen Grogan, 912-222-5959*

Woodturner's Meeting

Monthly Meeting – Saturday, August 8, 2015 – 9 a.m. - This was to be a demo on “Turning Scoops: A Safer Way”. Due to circumstances, this demo will be postponed until our September 12 meeting.

President's Message

GOLDEN ISLES WOODWORKERS

What a great time at the club picnic this year!!! The food and shelter were perfect for the event, and the rain held off pretty much for the duration.

Everyone should be pretty busy with projects for the upcoming show on Jekyll and the club 2 x 4 contest. As we work, we should always keep safety first in our work order. In the upcoming meetings, we will have demonstrations on some power and hand tools to show proper techniques for their use and to minimize any chance of an accident in the shop.

Once again, thanks to Charles and his crew for the fine work on the dollhouse display case for the library and to Karen for the outstanding effort organizing the picnic.

I have tentatively confirmed the August Woodworkers meeting with Mr. Sapp at his shop in Kingsland. After a short business meeting, Mr. Sapp will do a demo on finishing. More information on this will be provided.
