The first thing to remember is the meeting has changed location for this October 8th. Jerry Gafford volunteered his location as Doug will be out of town.

No demo per say this time but a general meeting. Pete just back from his segment turning seminar has some great insight to pass on. Bring a note book to write down some of his points.

Sept meeting as cancelled due to most members would be at Goodyear showing their crafts.

Goodyear report.. 9 members signed up for the show. At present this is the tally report.
