Doug Ballard's joint

1377 Cate Rd

September 11th

10 am

This month's meeting will be held as usual same place same time. I understand that covid is on a rampage not only up here in NY but you all in Glynn county. So to keep yourself safe please bring a mask, face shield, surgical gloves, rubber booties, and a old army poncho. Never mind that you will not be able to breath and with temps in the high 80s that poncho will make you lose weight.

This month's demo will be done by Charles Walker He has a jig that can flatten boards that are warped, twisted, and not usable.

No meeting in August. At last minute the board voted to hold off as this covid thing seems to be getting out of hand. Hope you all are staying safe.

Cherry Kitchen counter
organizer

Barb H

Its not a beehive but looks like it for sure. Only a cedar burl.. As you can see by pic to right not done yet but its getting better. Barb says she has to tackle it again soonest. Hope we see the finished piece

Craig F

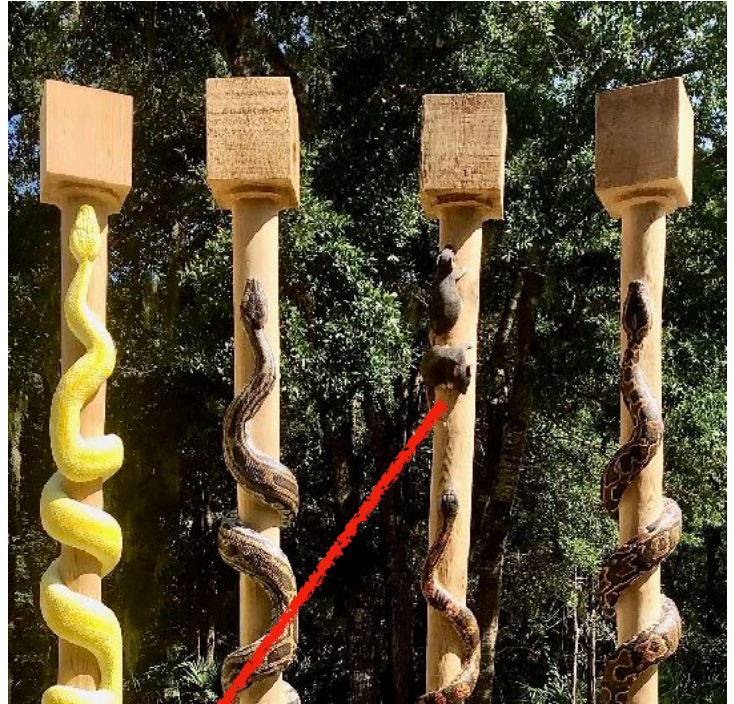

Just a cutting board,
Yellow pine. Maple trim.

Doug B

Edward (snakeman) M

Edward has been working this summer for sure. He showed us these poles several months ago and now they are done. IF you click on pic you should see it larger showing two mice shaking in there boots.

Good job Edward

OK there troopers. are you planning,, thinking, coming up with a design for the upcoming show at Goodyear on Jekyll. Sept 2022 WE have a whole month to show our items and sell... Make it stand out.
